## Please Read

1 Spectators must not stand in prohibited areas, and must at all times stand behind the bunting or barriers which mark the spectator area.

2 The instructions of the Spectator Marshals must be obeyed. The Spectator Marshall has the power to have a stage postponed until the spectator point is controlled to his / her satisfaction.

3 It is prohibited to ignore the spectator instructions and find your own way around. Not only is there a danger of meeting up with an oncoming rally vehicle, but many roads have wash-aways, collapsed bridges, etc. which are potentially hazardous for the driver. The main spectator route has been surveyed and is safe.

Service Park – Corrigans Beach Reserve, Batehaven

Before the start, and again from about 1:00pm and 5:15pm the vehicles and their crews will be at Corrigans Beach Reserve in Batehaven getting fuel, tyres and whatever running repairs may be required.

## Ceremonial Start

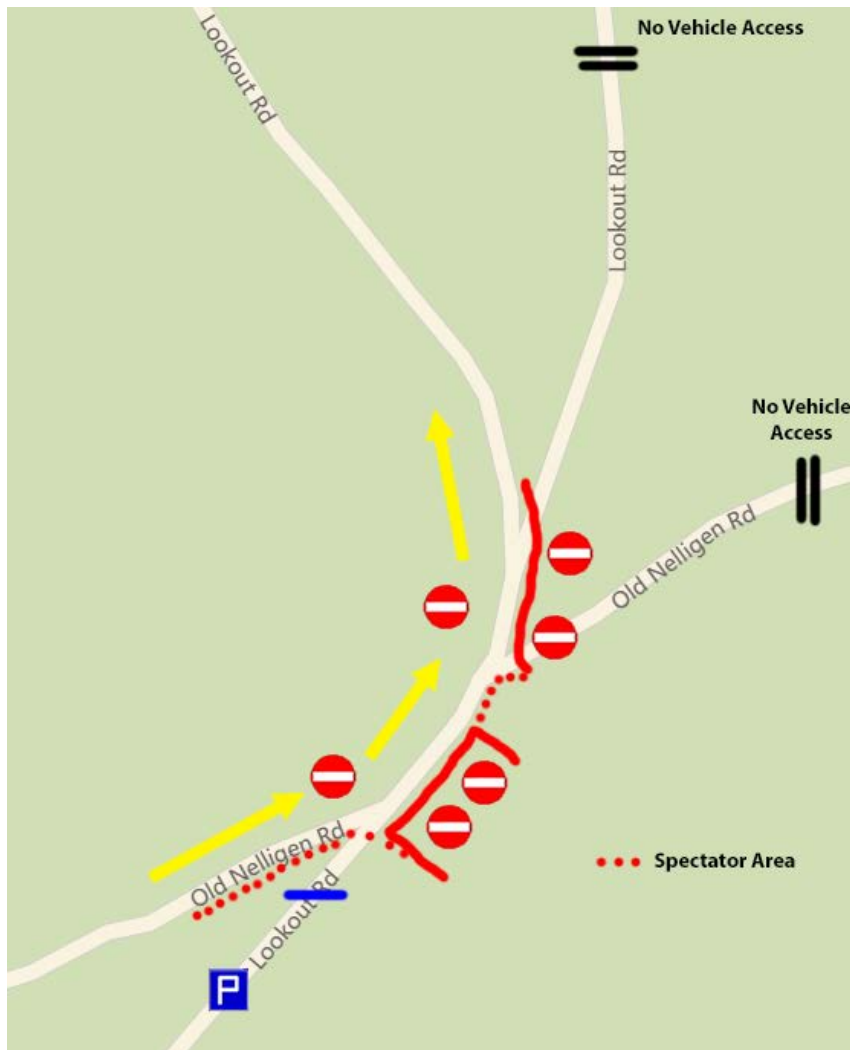

The teams will be assembled in Clyde Street along the waterfront from 8:30am onwards so come along, meet the crews and see the cars. You can listen to the Competitors Briefing at 9:15am, watch the ballot to see what order the top five crews will be starting in, and then hear them being introduced and flagged away for the day from 9:50am onwards. There will be some local clubs and entertainment in the area as well – and don't forget to support the local businesses – grab a coffee, a newspaper and some food and enjoy the morning.

## Spectator Point 1 – Lookout

This is in the 2<sup>nd</sup> & 6<sup>th</sup> stages of the event:

1<sup>st</sup> Car Due – Stage 2 11:25am, Stage 6 3:40pm

Cars approach from the left and proceed through here before heading away up a sweeping hill.

**Directions to get there:** From Batemans Bay, travel north along the Princes Highway.

From the intersection of the Kings Hwy, travel towards Ulladulla for 7.7km and TURN LEFT onto Lookout Rd (this is just after a rest area / vehicle checking point on the left).

Please be considerate of the residents and drive quietly and slowly for the first 600m.

The spectator point is 3km from the turnoff. TURN AROUND and park allowing enough room for other vehicles to pass.

Note: This gravel road is generally in very good condition.

Be cautious of 2 way traffic.

## DO'S AND DONT'S OF SPECTATING

*(Please read)*

1. Cars under competition conditions can lose control and leave the defined road at any time. Do not stand in any areas which are not authorised or which are contrary to the advice of the organisers and officials/marshals.
2. Be prepared. Weather wise, bring hats, ground cover, sun screen and protection in case of rain or cold weather. Food and drink outlets are not provided so ensure you have some of your own food and drinks available.
3. Park your car sensibly so that it will not obstruct emergency vehicles, competitors, service crews or other spectators. In all cases obey parking instructions given by supervising officials. It is usually best to park your car facing the way out.
4. Do not try to emulate rally drivers. Remember that if you give cause for complaint it will reflect badly on the rally and the sport as a whole. Drive carefully both to and from spectator viewing areas, and be ready to give way if necessary on narrow stretches of road.
5. Please do not take dogs or young children to spectator points. If you have to, make sure they are completely under your control and please make sure that animals and children do not get in the way of competing cars or mechanics or officials when they are working.
6. Do not light fires or smoke in the forests. Do not smoke near a car that is being serviced or refueled.
7. At all times keep clear of controls, including from the timing marker to the control area. If control officials ask you to move, please help them by doing so - remember they have a job to do which can be difficult enough as it is. If you do want to see a control point in action, remember to stand well back from the control area.
8. Take your entire litter home with you - it is handy to have a bag or carton in your boot. Cans and paper do not help beautify our forests.
9. At service points do not crowd mechanics when they are working. They would not appreciate it. Neither will you if someone drops a wheel or a sump guard on your foot!
