The following information is for all crews in the Singleton Automotive Centre Caves Classic Rally.

Specific Attention Drawn to Article 7 of the Supplementary Regulations

All servicing is to be carried out on liquid proof ground sheets at the Service Park to ensure no nuts, bolts or debris are accidentally left on the playing surface as it's a sports field for rugby or netball and such items would present a risk to those sportspeople.

Refuelling **MUST NOT** be done on the netball court even if a liquid proof ground sheet is used.

Driving of vehicles on the playing fields must be at a slow pace to ensure **ZERO** wheel spin and minimal impact to the surface.
